Re: BSA Celtic Website

Dear Jon:

On behalf of BSA Celtic, we wanted to thank you for the great job you did on our new website. You and your staff were knowledgeable, easy to work with and accessible throughout the process. Your wide range of marketing services (from website design to logo designs) as well as your technical background with changing servers and dealing with multiple e-mails accounts made working with you easy and convenient. The transition from our old site to our new site was flawless.

Thanks again and we would be happy to recommend your company in the future.

Sincerely,

Dan Ernst  
VP – BSA Celtic
